Level in EQF EQF level 2

SKILLS

ECDL Cerificate | Microsoft Office | C++,C | SQL | AutoCad 2D -3D | Matlab/Simulink | teamwork principles | Volunteering skills

PROJECTS

Buck-Converter

Starting with a known inductor value (L), I calculated the values for all remaining components and ordered them. With my professor's guidance, I successfully constructed a functional buck converter. The measured current values closely matched my theoretical calculations

Smart Parking

This project is built around a SQL database. The website allows users to log in as either an administrator or a standard user; depending on their role, they are granted specific permissions. This serves as the foundation for my Bachelor's thesis.

VOLUNTEERING

30/09/2019 – 16/06/2023 Satu Mare

Robotics Team

I was part of my school's robotics team, Startech RO151, and we competed in the FIRST Tech Challenge. Alongside my teammates, we managed to reach the finals almost every year. Throughout these four years, I have learned a lot about teamwork and the Core Values of FTC, including *Gracious Professionalism* and *Coopertition*.

09/12/2024 – CURRENT Romania

UTCN Ambasador

I am part of a team of students and professors representing the Technical University of Cluj-Napoca. We travel throughout the country to present our faculty to students at schools with specialized profiles, encouraging those with an interest in engineering and technology to join our university.

LANGUAGE SKILLS

Mother tongue(s): **ROMANIAN**

Other language(s): **GERMAN** | **HUNGARIAN** | **ENGLISH**
